

Year 1 Hedgehogs Newsletter –Summer 1

Welcome

Welcome back. How is it the summer term already? Only one more term of Year 1 left. As always, we have a lot to fit in so here is a taste of what we will be doing.

Phonics and Reading

Phonics

Following the Little Wandle Phonics scheme the children will be revising their prior learning on Phase 5, reading for the phonics screening check in Summer 2. We will be including lots of 'alien' or made up words to check the children's skills in reading and blending. In guided reading sessions, we continue to develop the children's skills in reading independently and practising blending in their heads as well as focusing on comprehension. Reading books will continue to be collected in on Tuesdays and returned for reading at home on Thursdays. We will read a story to the children every day and they can change their library books once per week. Recommended reads for year 1: [Best Books for Year 1: Recommended Booklist for Ages 5-6 \(booksfortopics.com\)](http://booksfortopics.com)

Writing

This term we will complete three book-based writing units. We will be starting with the book 'Tell me a Dragon'. We will then look at 'Mrs Mole I'm Home' by Jarvis who also wrote 'Alans Big Scary Teeth' which we looked at earlier this year. Finally, we will look at the book 'Wanted: The Perfect Pet' where children will complete some descriptive writing to create a wanted poster for their own perfect pet.

Maths

Our first unit is on multiplication and division, and we will be learning to count in 2s, 5s, and 10s. We will solve problems by grouping the objects into 2s, 5s, or 10s, and then counting the groups. Our second unit is fractions, and we will be looking at finding half or a quarter of a shape or an amount. At the end of the term we will be exploring geometry, and we will be looking at turns, left and right, and describing position, including ordinal numbers (1st, 2nd, 3rd, etc.)

Science

The science theme is plants. We will be learning about the parts of a plant, as well as exploring the school grounds to find a range of plants. We will also look at whether a plant is a wild or garden plant. We will recap on our learning from Autumn 1 by looking at whether a tree is deciduous (loses its leaves in the winter) or evergreen (stays green all year around.) We will also be learning about scientists who work in botany, and the different types of roles they may have.

Computing

In computing this term, children will be learning to navigate spreadsheets and will add data into one. Children will also follow and create simple instructions on the computer to understand that computers need precise instructions to follow.

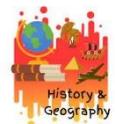

DT

This term in DT children will be making their own fruit smoothies! We will begin by learning the difference between a fruit and vegetable, then trying a variety of fruits/vegetables to discover which ones we like. Children will then select their ingredients to create a smoothie!

Geography

Our topic for geography is 'What is life like in Shanghai?' We will be learning about life in this vibrant Chinese city, and comparing it to Corby and the local area. We will also continue to develop our understanding of maps and atlases.

Music

In music this half term children will learn about the pitch. We will be working towards composing a superhero theme tune and performing this as a group.

PE

PE days are **Tuesday and Thursday**.

We will be starting two new units, one on athletics and one on striking and fielding games.

In athletics, we will be learning skills in running, jumping, and throwing. This includes keeping our balance and changing direction quickly.

In striking and fielding we will be learning some simple games involving batting and throwing, and developing the skills needed to play them.

Children should come to school in their school PE kit on these days - black joggers/leggings and black hoody/sweatshirt or school jumper.

PSHE

In PSHE this term our topic is called 'Growing in our World'. We will be looking at what children can do now that they couldn't do as a baby as well as looking at all the ways in which each family is special and unique.

We will also be looking at hazard watch. In this module we will look at potential dangers we might find in the home, school and community.

RE

Our RE lessons this term will be about books and stories in Christianity. We will discuss how the Bible and the stories it contains influences the way Christians lead their lives.

Enrichment

We will be enhancing our RE learning with a visitor to come into school and talk to the children about the bible and what it means to them.

We will be visiting the local area for both science and geography. In science we will be going to find out what plants and trees we can find. In geography, we will be looking at features of our local area.

Homework Project

We will continue to send home the phonics booklets with the weekly breakdown of learning, the maths booklets for each unit, and the guided reading books each week.

Please record the children's reading each week so that they can earn Dojo points for home learning.

CORBY PRIMARY ACADEMY

The children should also continue to practice their handwriting using the Kinetic Letters booklets sent home in Autumn 2.

Skills Builder

The Skills Builder Universal Framework provides a common language for building essential skills with children and young people.

Research shows that building essential skills supports social and emotional wellbeing, learning and academic outcomes and careers and opportunities

Rewards

The children will receive 'Dojo Points' as reward for good behaviour, work and attitude.

Class information

Class Teacher: Mrs Burnham

jburnham@corbyprimaryacademy.org

Supported by: Mrs Reeves and Miss Cameron

Please remember to name your child's school jumper or cardigan.

Please remember if you are making your child a packed lunch, we ask you not to put anything in that contains nuts.

Dates for the diary!

Summer 1

Monday 15th April – Training Day

Tuesday 16th April – school reopens to pupils.

Monday 6th May- Bank Holiday

Monday 13th May - Thursday 16th May - KS2 SAT's Week

Friday 24th May – Y6 Takeover Day

Friday 24th May – school closes to pupils for Half Term

MAY HALF TERM

CORBYPRIIMARYACADEMY

Summer 2

Monday 3rd June – Training Day

Tuesday 4th June - school reopens to pupils.

Tuesday 4th June - Y4 Multiplication Testing x 2 weeks

Monday 10th June - Phonics Screening Week - Year 1

Friday 21st June – Sports Day (KS2 am, EYFS/KS1 pm)

Tuesday 25th June – Reception New Intake Evening

Friday 28th June – Reserve Sports Day (KS2 am, EYFS/KS1 pm)

Nursery Sports Day - tbc

Thursday 11th July- Reports to parents

Friday 12th July – Transfer Day – tbc

Wednesday 17th July – Y6 Performance

Thursday 18th July – Y6 Performance

Tuesday 23rd July – Y6 Leavers Assembly pm

Tuesday 23rd July – School closes for Summer
